Ladies/Gentlemen:

Enclosed is a CD which contains a revision to the North Dakota State Implementation Plan for the control of air pollution. The State Implementation Plan revision addresses requirements for improvement of regional haze in Theodore Roosevelt National Park and Lostwood National Wildlife Refuge Wilderness Area.

We ask that you maintain the CD at the library for public viewing during the public comment period which is scheduled from December 8, 2009 to January 8, 2010. If additional copies of the CD are necessary, please contact me.

If you have any questions, please feel free to contact me at (701)328-5188.

Sincerely,

Tom Bachman
Senior Engineer
Division of Air Quality

Re: Regional Haze SIP Revision

Dear Ms. Videtich:

Enclosed is a CD that contains North Dakota's draft State Implementation Plan (SIP) revision to address regional haze in the federal Class I areas. Also, enclosed is a public notice announcing a public hearing and comment period on the proposed SIP revision. We are providing these documents to you so that your staff can review them and provide any comments during the public comment period. The public comment period is scheduled from December 8, 2009 to January 8, 2010. A public hearing regarding the proposed SIP revision is scheduled for January 7, 2010 at the Department's Environmental Training Center at 2639 E. Main Ave., Bismarck, North Dakota at 9:00 a.m. CST.

We would like to note that only one facility in North Dakota is subject to the BART guidelines. This is the Coal Creek Station and it is not subject to the guidelines for sulfur dioxide emissions. When your staff provides comments, we ask that they provide a reference to applicable rule or law for any required changes to the SIP.

If you have any questions, please feel free to contact me or Tom Bachman of my staff at (701)328-5188.

Sincerely,

Terry L. O'Clair, P.E.
Director
Division of Air Quality
