

Public Notice
of Opportunity to Comment on
State Implementation Plan Revision
for Air Quality

The North Dakota Department of Health has proposed changes to the State Implementation Plan (SIP) for the control of air pollution. The change consists of an Infrastructure SIP which demonstrates that the North Dakota SIP is adequate to meet the requirements for implementation of the 2012 PM_{2.5} National Ambient Air Quality Standard (NAAQS).

The Infrastructure SIP addresses requirements in the Federal Clean Air Act Sections 110(a)(1) and 110(a)(2).

A copy of the proposed Infrastructure SIP may be viewed at the Department's website at: www.ndhealth.gov/AQ/PublicCom.aspx. A copy of the Infrastructure SIP may be obtained by writing to the North Dakota Department of Health, Division of Air Quality, 918 E Divide Avenue, 2nd Floor, Bismarck, ND 58501-1947 or calling (701)328-5188. Written comments may be submitted to the above address from June 26, 2015 through July 25, 2015.

A public hearing will be held only if there is a request from the public for a hearing. Any request for a hearing must be submitted in writing and received by Department before the end of the public comment period. If a hearing is requested, it will be held July 29, 2015 at 9:00 a.m. CDT at the Gold Seal Center's 4th Floor conference room at 918 E Divide Avenue, Bismarck, North Dakota. If a public hearing is requested, the public comment period will remain open through August 5, 2015. If no requests for a public hearing are received, the announcement that the hearing has been cancelled will be posted on the Department's website at www.ndhealth.gov/AQ/PublicCom.aspx. The public may also call (701)328-5188 to find out if the hearing has been cancelled.

If you plan to attend the requested hearing and will need special facilities or assistance relating to a disability, please contact the Department of Health at the above-address at least three days prior to the hearing.

Dated this 9th day of June, 2015

Terry L. O'Clair, P.E.
Director
Division of Air Quality
