

**TREATMENT SERVICES**

**ELIGIBILITY**

- Child must be a North Dakota resident.
- Child must be birth to age 21.
- Child must have a special health-care need. For treatment services, a child is medically eligible if he or she has a condition that is included on a list of more than 100 eligible conditions treated under the CSHS Specialty Care Program.
- Family is financially eligible at 185 percent of the federal poverty level. See income guidelines chart below.

**INCOME GUIDELINES EFFECTIVE 5/1/2012**

Family Size	Gross/Adjusted Gross Income is no more than:
1	\$ 20,676
2	\$ 27,996
3	\$ 35,328
4	\$ 42,648
5	\$ 49,980
6	\$ 57,300
7	\$ 64,632

Gross income is generally used to determine financial eligibility. Adjusted gross income is used in instances of self-employment. Financial eligibility is determined annually.

If family income is above the federal poverty level, a child may still be eligible with a monthly cost/share. This means that the family must spend a designated amount for out-of-pocket medical expenses for the family unit before CSHS will pay for care or services for the eligible child.

**IMPORTANT FACTS/TIPS**

- Except for emergencies, families apply at the county social service office in their county of residence.
- If both financial and medical eligibility is present and treatment is planned, the application is approved for the specific medical condition. Effective date for services may be 90 days prior to application, when needed.
- To ensure high quality care, eligible children must receive services from a specialist who is approved to provide care under CSHS. A regularly updated list of North Dakota specialists who have met the standards established by CSHS is available.
- Payment for services is coordinated with other available sources of health-care coverage.
- Restrictions or coverage limitations may apply for certain services or eligible conditions.

**PARTIAL LIST OF COVERED SERVICES**

- Care coordination (by county social service staff)
- Dental services

## DIAGNOSTIC SERVICES

**NORTH DAKOTA**  
DEPARTMENT *of* HEALTH  
Children's Special Health Services

### ELIGIBILITY

- Child must be a North Dakota resident.
- Child must be birth to age 21.
- Child must have a special health care need. For diagnostic services, a child is medically eligible if he or she has or MAY POTENTIALLY HAVE a condition that is included on a list of more than 100 eligible conditions treated under the CSHS Specialty Care Program.
- Financial eligibility is NOT required for diagnostic services.

### PARTIAL LIST OF CSHS-ELIGIBLE CONDITIONS

Acquired brain injury  
Asthma  
Bony deformities  
Burns  
Cancer  
Cerebral palsy  
Cleft lip and/or palate  
Cystic fibrosis  
Dental disorders  
Diabetes  
Genito-urinary tract anomalies  
Growth hormone deficiency  
Hearing loss  
Heart conditions  
Hemophilia  
Joint deformity  
Malocclusion  
Muscular dystrophy  
Phenylketonuria  
Rheumatoid arthritis  
Scoliosis  
Seizure disorders  
Spina bifida  
Strabismus  
Syndromes

### IMPORTANT FACTS /TIPS

- Anyone may refer a child for diagnostic services.
- Except for emergencies, families apply at the county social service office in their county of residence.
- Diagnostic examinations provided by specialists promote early diagnosis of CSHS-eligible medical conditions.
- Diagnostic services can be helpful in two ways. First, they can be used to secure a diagnosis when the diagnosis of a potentially eligible condition is UNKNOWN. In this case, examinations can be covered until a decision about medical eligibility is reached. Secondly, diagnostic services can be used when the medical condition is KNOWN to find out whether or what kind of treatment is recommended.
- Effective date for services may be 90 days prior to application, when needed.
- To ensure high quality care, eligible children must receive services from a specialist who is approved to provide care under CSHS. A regularly updated list of North Dakota specialists who have met the standards established by CSHS is available.
- Payment for services is coordinated with other available sources of health-care coverage.
