Division of Disease Control

RE: New TB Education and Training Focal Point

DATE: July 6, 2010

As many of you may know, Genie Lang, the TB Education and Training (ETN) Focal Point, recently retired from employment with the North Dakota Department of Health. I will be taking over her duties as the TB ETN Focal Point effective immediately. The duties of the TB ETN Focal Point include preparing and administering the TB human resource development plan, developing and updating local TB education and training materials, working with Heartland National TB Center and attending the annual TB ETN conference in Atlanta.

If you have any needs or requests with regards to TB education and training, please feel free to contact me at any time. I can be reached by calling 701.328.2377 or emailing rbirk@nd.gov.
