Date: 2/7/2014 **Status:** Inspection

Author: Roberts, Kris

Updated Oil Volume:

Updated Salt Water Volume:

Updated Other Volume:

Updated Other Contaminant

Notes:

2/7/14 - 12:00, searching for exact location. Covered entire area specified by this and another report. Could find no indication of pipeline leak site or excavation area. Called Mitch Anderson and confirmed that this was the correct area and that the leak had been repaired, and that it had been only natural gas released, with no liquids involved. No further action required on this incident.
