Brine	2	Barrels	2	Barrels		
Other						

Description of Other Released Contaminant:

Inspected:

Written Report Received:

Clean Up Concluded:

Risk Evaluation:

None

Areal Extent:

Potential Environmental Impacts:

None. Spill was contained on the well site.

Action Taken or Planned:

The spill was contained on the well site. Another driver immediately began sucking up the spilled water to minimize the production water from running across the site and to minimize the amount that seeped into the ground. A cleanup company was called to dig up the affected scoria and replace it with clean scoria.
