Updated Other Contaminant

Notes:

Arrived on site at 8:11 a.m. Weather was overcast and snowing. The ground was covered with about 3 inches of new snow. Walked the site and could not find any discolored snow or layered discoloration under the new snow surrounding the well pad. In addition, did not see any discolor on the surrounding vegetation.

Due to the snow cover, will need to revisit this site in spring to ensure cleanup of the area.
