Updated Other Volume:

Updated Other Contaminant

Notes:

3/10/2015 at 16:43, on location. Generator is on west side of pad near entrance. Meltwater around generator has no visible sheen, and vegetation off wellpad to west of generator has no visible staining. Fence line further to the west, as well as along the north side of the wellpad, has no visible staining.

Updated Oil Volume:

Updated Salt Water Volume:

Updated Other Volume:

Updated Other Contaminant

Notes:

Arrived on site at 9:22 a.m. Weather was sunny and clear with temperature of 63 degrees F. Vegetation has grown back along the side of the pad, and none of it appears stressed. Due to recent rain, there were puddles on the pad and none of them had any sheen to them.
