Description of Other Released Contaminant:

Mann's Trucking's truck driver was loading oil from a tank at the tank battery and overfilled his truck.

Inspected:

Written Report Received: 8/7/2015

Clean Up Concluded: 3/24/2015

Risk Evaluation:

Low health risk. Fort Berthold Trucking happened to be pulling onto location at the time and was able to start picking up fluids immediately.

Areal Extent:

800 square feet

Potential Environmental Impacts:

Low environmental impact. Spill was contained on location. Pick up of spilled fluids commenced immediately due to presence of vacuum truck on location.

Action Taken or Planned:

Fort Berthold Trucking was on location to haul water and was able to start picking up fluids immediately. Clean up crews were dispatched and started clean up of affected scoria/soil in the area where the spill occurred.

Wastes Disposal Location: Oil was picked up and will be recycled. All affected rock and soil will be taken to R360 Prairie Disposal or other approved site.
