Updates

Date: 3/31/2015 **Status:** Reviewed - No Action Required

Author: O'Gorman, Brian

Updated Oil Volume:

Updated Salt Water Volume:

Updated Other Volume:

Updated Other Contaminant

Notes:

Release, due to an overturned truck, released 1 gallon of oil from truck engine into ditch area. Phoned responsible party to determine amount, area and removal. Responsible party informed me that the amount was less than a gallon and had exited the engine near the dipstick valve. The company had a vac truck on site which removed the oil. The soil impacted by the truck accident was re-landscaped. Due to low volume and responsible party testimony, no further followup needed at this time.
