Description of Other Released Contaminant:

Inspected:

Written Report Received: 8/24/2015

Clean Up Concluded: 8/17/2015

Risk Evaluation:

There is no immediate risk to report at this time.

Areal Extent:

Potential Environmental Impacts:

All of the released fluid remained onsite. All impacts were to the Well/Facility Soil. There are no other potential environmental impacts at this time.

Action Taken or Planned:

Upon discovery of the release, the operator closed the input and output valve to stop the leak and locked out the pump at the main breaker box. A vacuum truck was dispatched to recover the standing fluid from the ground and the pump room.

Wastes Disposal Location: The waste will be disposed of at an approved waste disposal facility.
