<b>Oil</b>	1	Barrels	0.5	Barrels	1	barrels

**Brine**

**Other**

**Description of Other Released Contaminant:**

**Inspected:**      **Written Report Received:** 12/1/2016      **Clean Up Concluded:** 1/25/2016

**Risk Evaluation:**

None

**Areal Extent:**

50 feet wide by 300 feet long, including across county rd. 12 and onto Kevin Eides property.

**Potential Environmental Impacts:**

there will be some amount of misted oil that was not shoveled off of the snow covered field.

**Action Taken or Planned:**

The incident has been reviewed with all personnel on location (rig crew, flowback crew, production and field supervisors). We will continue to monitor all equipment closely as well as wellbore conditions to further limit the possibility of this happening again.

**Wastes Disposal Location:** The recovered oil and affected snow that was shoveled up will be disposed of at a third party disposal facility after drill out operations are finished along with the other sand and fluid returns from the drill out operation.

**Notes:**

Visited site on September 8, 2016 at 10:55am. Mostly Cloudy and 56 Degrees F. Viewed ditch along north side of Williams County 12 just south of Leon Well site. No petroleum staining or petroleum odors were observed. Viewed Eide's property just south of Williams County 12. Some kosha observed in very north end of field. Some bare soil in ditch along south side of Williams County 12.
