Brine	2	Barrels	2	Barrels		

Other

Description of Other Released Contaminant:

Inspected:

Written Report Received:

Clean Up Concluded:

Risk Evaluation:

There are no immediate risks at this time as all fluids were contained to the well pad facility.

Areal Extent:

The release was all contained to the well pad facility.

Potential Environmental Impacts:

There are no potential environmental impacts at this time as all fluids were contained to the well pad facility. The impacted soils/fluids have been removed and disposed of properly.

Action Taken or Planned:

The lease operator, immediately upon discovery of the release, shut in the well and sent the fluids remaining inside of the treater back to the production tanks. An environmental cleanup crew was on-site shortly after the incident to begin the remediation process. Crews removed all free standing liquids with the use of vacuum trucks. Heavy equipment was brought in to remove any impacted soils.
