**Updated Volume:**                    1.00 barrels

**Notes:**

Arrived on site at 4:00 p.m. Weather was sunny with wind out of the SW at 10 to 20 mph. Temperature was 94 degree F. As indicated in the report, all oil stayed within the dike of the tank. The company has placed booms and pads to contain the material within the tank dike's SW corner. Area is roped off, and signs are posted to prevent entry into area. Oil was contained on site.
