

Section

VENDOR

Subject

MILK ONLY/DAIRIES

SUMMARY

Agencies may contract with dairies for milk only. Dairies may be handled in two ways: Participants can pick up the milk at the store, or a delivery system can be done. Deliveries will be scheduled to make sure all milk is delivered and charged during one calendar month.

PROCEDURE

1. Issue milk all on one check or several checks, and put other non-milk foods on a separate check(s).
2. The participant will give the milk check to the store or delivery person.
3. Dairies or the delivery person should have the participant sign the check at pick-up or delivery time.
4. The process for payment of the milk can be individually agreed upon by the local WIC office and the store. Contact the State office for guidance.
