Prevent WNV

-  Use insect repellent when outdoors
-  If possible, wear light-colored, long-sleeved shirts and pants
-  Eliminate mosquito breeding grounds – drain sources of standing water

Pembina	0	0	1
Cavalier	0	0	1

MOSQUITO INFORMATION

West Nile virus brochures and posters are available to order free-of-charge from the NDDoH, visit www.ndhealth.gov/wnv and go to educational materials.

CDC National Data

Map shows the distribution of avian, animal, or mosquito infection occurring during 2011 with number of human cases if any, by state. If West Nile virus infection is reported to CDC from any area of a state, that entire state is shaded.

No WNV activity reported
 Non-human activity only*
 Human disease cases or presumptive viremic donors†

* Includes WNV veterinary disease cases and WNV infections in mosquitoes, birds, and sentinel animals.
 † WNV activity in non-human species also might have been reported.
