That's my last question. Everyone's answers will be combined to give us information about the health practices of people in this state. Thank you very much for your time and cooperation. If you or anyone you know is ever in immediate danger, they can call 911 or any local police. We are giving all respondents the phone number and name of an organization that can provide information on sexual assault issues. If you have a paper and pencil I'll give that number to you now. (If the respondent indicates that they want the number, please read it slowly so the respondent can get it down.) The number is 1-800-656-HOPE (4673). This is the RAINN Hotline (Rape, Abuse and Incest National Network).
