Increase the number of child care health consultants and school nurses who provide nursing health services to licensed child care providers and schools.	The ratio of school nurses to students in North Dakota.	★	X			
Reduce violent behavior committed by or against children, youth, and women.	Reduce the number of students who were bullied on school property during the past 12 months.	★			X	
Reduce the rate of deaths resulting from intentional and unintentional injuries among children and adolescents.	The rate of deaths to individuals ages 1 through 24 caused by intentional and unintentional injuries per 100,000 individuals.	★			X	
Promote healthy eating and physical activity within the MCH population.	The percent of healthy weight among adults age 18-44.	★			X	

Component

A = Maternal and Infant Services – Component A

B = Child and Adolescent Services – Component B

★ While the performance measure may be targeted to a specific component, all of the priority need statements represent both components and include Children with Special Health Care Needs.

Pyramid Level of Service

DHCS = Direct Health Care Services

ES = Enabling Services

PBS = Population-Based Services

IBS = Infrastructure-Building Services

(The Pyramid Level of Service will vary depending on activities related to the priority need).

MANDATED-FEDERAL CORE PERFORMANCE MEASURES SUMMARY SHEET

Mandated-Federal Core Performance Measures	Component	Pyramid Level of Service			
		DHCS	ES	PBS	IBS
1. The percent of screen positive newborns who received timely follow up to definitive diagnosis and clinical management for condition(s) mandated by their State-sponsored newborn screening programs.	A			X	
2. The percent of CSHCN age 0 to 18 whose families partner in decision-making at all levels and are satisfied with the services they receive.	★		X		
3. The percent of CSHCN age 0 to 18 who receive coordinated, ongoing, comprehensive care within a medical home.	★		X
