

Community Readiness Strategies - Exercise 2

Look at the manual pages 26-28. Answer the following questions at your tables about the "Engaging Parents" Action Plan and prepare to report back to the group:

Which level of readiness does each of the 6 key actions best match?

Key Action	Level of Readiness
1. Conduct presentations with 6 programs/agencies that have parent/caregiver groups healthy relationships parent curriculum	
2. Participate in an information fair for parents at a middle school about bullying	
3. Partner with schools to offer free educational sessions to parents on topics such as healthy teen dating relationships or challenging media violence.	
4. Present to church congregations and church committees about sexual assault services	
5. Develop flyers for door to door delivery in neighborhoods about sexual assault services	

If I were to tell you the level of readiness for this community is **denial/resistance** how well does the above plan fit?

In what ways would recommend changing any strategy at a level that is too high?

ANSWER KEY - Community Readiness Strategies - Exercise 2

Look at the manual pages 26-28. Answer the following questions at your tables about the "Engaging Parents" Action Plan and prepare to report back to the group:

Which level of readiness does each of the 6 key actions best match?

Key Action	Level of Readiness
1. Conduct presentations with 6 programs/agencies that have parent/caregiver groups healthy relationships parent curriculum	3
2. Participate in an information fair for parents at a middle school about bullying	3
3. Partner with schools to offer free educational sessions to parents on topics such as healthy teen dating relationships or challenging media violence.	7
4. Present to church congregations and church committees about sexual assault services	2
5. Develop flyers for door to door delivery in neighborhoods about sexual assault services	2

If I were to tell you the level of readiness for this community is **denial/** **resistance** how well does the above plan fit?

In what ways would recommend changing any strategy at a level that is too high?
