- Push on latch connectors
- Travel system \$329.00, seat/base only \$179.00

Summer Infant
Prodigy

Smart Screen Technology

The screen on the control panel guides you through the installation process:

- **“Click”** – Attach the Base to the vehicle.
- **“Level”** – Adjust the Base angle to achieve the correct amount of recline for your baby.
- **“Tighten”** – The Belt Tightening System makes it easy and fast for you to properly secure the Base to the Vehicle.
- There is a “Test” button located on the Control Panel that allows you to check that the installation is secure. “Test” the base installation once a month, or more frequently as needed. The Control Panel will power off on its own.

Combi USA

- Combi prohibits use of inflatable seatbelts with any Combi CSS
(Combi BPB cannot be used in seating positions with inflatable seat belts)
