

Certified Child Passenger Safety Technician Workshop
Interactive Video Conference
11:00 am to 1:00 pm
July 29, 2009

Workshops are offered to currently certified child passenger safety technicians via interactive video-conferencing. Please refer to the site list to find the location closest to you. The workshops cover a wide range of child passenger safety topics. The goal of these workshops is to bring certified technicians up-to-date on best practice methods for buckling up children.

Child passenger safety technician continuing education units (2) will be available for these trainings. The CEU's can be used for technician re-certification. July's workshop topics include:

Agenda

11:00-11:05 am	Introduction	Carol Meidinger
11:05-11:55 am	Child Passenger Safety for Preemies and Low Birth Weight Babies	Carma Hanson Altru/Safe Kids Grand Forks
11:55-12:30 pm	Air Bag Safety Update	Bill Vasicek Northern Valley Safe Communities
12:30-1:00 pm	Technician Tips	Carol Meidinger

To register for this free cps update, go to:
