

2009 National HIV Testing Day Resources

National Association of People with AIDS

The National Association of People with AIDS (NAPWA) represents the over 1 million people living with HIV today. NAPWA launched National HIV Testing Day (NHTD) in 1995 to promote the importance of counseling, testing, and early diagnosis. Additional information and resources relative to National HIV Testing Day are available via the following link: <http://www.napwa.org/programs/nhtd.shtml>

U.S Department of Health and Human Services Resources

AIDS.gov

The gateway to Federal domestic HIV/AIDS prevention, testing, treatment, and research information is available via the following link: <http://www.aids.gov> . Information regarding the utilization of new media (e.g., blogging, text messaging, social networking sites, podcasting) to respond effectively to HIV/AIDS can be obtained by visiting: <http://www.blog.aids.gov>.

Customizable posters, flyers, and other graphics in recognition of National HIV Testing Day can be downloaded by visiting:

<http://www.hhs.gov/aidsawarenessdays/days/testing/index.html#about>

Please feel free to add details about your organization and your local event(s).

Centers for Disease Control and Prevention (CDC)

The CDC offers a wealth of information, including data, fact sheets, and slide sets. The CDC website can be accessed via the following link: <http://www.cdc.gov> . Information on CDC's Act Against AIDS Campaign can be obtained via the following links:

<http://www.cdc.gov/hiv/aaa/> and <http://www.cdc.gov/nineandahalfminutes/index.html>

Health education materials can be ordered or downloaded from CDC's National Prevention Information Network (NPIN). The NPIN website can be accessed via the following link: <http://www.cdcnpin.org/scripts/index.asp>

National HIV and STD Testing Resources

Additional information on HNTD, and National HIV and STD testing resources is available via the following link: <http://www.hivtest.org/>
