

## About WIC

WIC provides good food so you can give your child the best possible start to grow up healthy. Foods such as fruits, vegetables, milk, whole grains, eggs, peanut butter, cereal, formula and baby food are made available for your family.

But that's not all. The WIC Program also provides nutrition and health information, as well as referrals to other services for pregnant and breastfeeding women, new moms, infants, and children to age 5.

WIC is made available to a variety of families: married and single parents, working or not working. If you are a mother, father, grandparent, foster parent or other legal guardian of a child younger than 5, you can apply for WIC.

For more information, contact your local WIC office listed below or visit [www.ndhealth.gov/wic](http://www.ndhealth.gov/wic).

# North Dakota WIC Program

2018-2019

## Nutrition Information

We provide you nutrition tips and recipes to help you create healthy, affordable meals for your family.

## Breastfeeding

Breastfeeding is the best way to feed your baby. We offer breastfeeding education, support and counseling.

## Prenatal Nutrition

We help give your baby a healthy start with prenatal nutrition information and good food.

## Community Referrals

We want you to have the help you need. Get referrals for immunizations, health care and other programs such as medical assistance and SNAP (Supplemental Nutrition Assistance Program).

## Counseling

Parents often have questions about their child's eating habits. Our nutritionists can offer advice for your nutritional concerns.

## Health Screening

Tracking your child's growth will help you understand his or her health and development.
