Dear Dr. Dwelle:

The Division of Waste Management (Division) recommends that you approve the enclosed permit for a municipal solid waste landfill located near Grand Forks, ND. The Division received numerous comments, both in writing and at the two public comment hearings held in Grand Forks. Enclosed for your consideration is a copy of the comment review and response document. Following the response document are transcripts of the two public comment hearings, copies of all written comments that were submitted and the attachments referred to in the responses.

After completing your review of these materials, please inform me in writing of your decision to approve or deny the proposed permit, or to take some other action, such as modifying the proposed permit's terms.
