**Disclaimer**

The content within this booklet is for informational purposes only. It is not intended to be a substitute for professional medical advice. Families are encouraged to discuss the information in this booklet with their child's doctor or other health care providers.
Oral health problems can affect all children. However, these problems can be even more troublesome for children and teens with special health care needs. Children and teens with special needs may suffer mouth problems more often and more easily. If dental care is delayed, oral health problems tend to become worse over time. A child’s oral health can directly impact his or her general health and daily comfort. A guide to give parents and caregivers tips on keeping their child’s or teen’s mouth healthy can be viewed at: scdhec.gov/sites/default/files/library/CR-010418.pdf

Children with Special Health Care Needs (CSHCN’s) are at increased risk for oral health problems such as: 1) common oral diseases such as decay and gum disease, 2) serious health consequences from common oral disease due to underlying medical conditions, 3) oral consequences of medical therapies, and 4) less common oral and craniofacial problems that also affect their overall health, quality of life, and long-term outcomes.

CSHCN’s may be at special risk of oral disease due to delays in acquiring self-care skills, knowledge, and understanding needed to promote oral health or because of limitations in physical ability to perform personal care.

Finding a dental professional trained in the care of children with special needs or complex dental conditions is important. For a list of Special Health Services (SHS) participating specialists (e.g., oral surgeons, orthodontists, pedodontists (pediatric dentists) and prosthodontists), contact SHS at: 800.755.2714. ndhealth.gov/cshs/docs/cshs-provider-list.pdf

DID YOU KNOW…
That your medical provider can do an oral exam and apply fluoride varnish to your child’s teeth? Fluoride varnish is a topical fluoride that will help in preventing cavities in your child’s mouth. It is a simple procedure consisting of drying the teeth with a 2x2 gauze and painting the fluoride varnish on the teeth. There is no pain associated with the procedure. Your child will be able to eat and drink right after the fluoride varnish application has been done.

Medical/dental collaboration is bringing insight on how oral health affects overall health. Consider making a plan to improve overall health starting with oral health.
SHS Covered Complex Dental Conditions

**SHS provides dental coverage for children.** To qualify, a child must be a North Dakota resident age birth to 21 and have one of the following dental conditions:

- **Cleft lip and/or palate** a fissure or opening in the lip and/or roof of the mouth
- **Handicapping malocclusion** severe teeth crowding and jaw misalignment affecting appearance, speech, or ability to eat
- **Congenital dental disorder** e.g., dentinogenesis imperfecta, congenitally missing teeth, etc.
- **Ectodermal dysplasia** a genetic disorder affecting the development or function of the teeth, hair, nails, sweat glands, and other body parts

**SHS Dental Diagnostic Services** – These services help identify a potentially eligible dental condition or help to develop a treatment plan. Diagnostic services do not require financial eligibility.

**SHS Dental Treatment Services** – Treatment services do require financial eligibility. These services help children with cleft conditions, handicapping malocclusion, congenital dental disorders, and ectodermal dysplasia. Covered services vary depending on the condition but may include:

- **Preventive dental care** – oral exams, teeth cleaning, sealants, fluoride treatments, and x-rays
- **Restorative care** – fillings and crowns
- **Surgical care** – tooth extractions and endodontics
- **Emergency care** – pulp treatments and treatment of abscesses
- **Dental implants**
- **Orthodontic services**
- **Oral prosthetics**

For help in determining eligibility, call the county social service office in the area you reside for an appointment.

**CSHS cleft lip and palate clinics** are available at no cost in Bismarck, Fargo, Grand Forks and Minot to help families get the care and services needed to manage their child’s cleft condition. Clinics provide multidisciplinary team evaluations where families have an opportunity to see many different health care providers in one place at one time. A guide to North Dakota resources for children with cleft lip and palate can be viewed at: [ndhealth.gov/cshs/docs/Cleft%20Resource%20Booklet%20-%20Read%20only.pdf](http://ndhealth.gov/cshs/docs/Cleft%20Resource%20Booklet%20-%20Read%20only.pdf)
Genetic Services

Genetic testing is used to identify DNA changes associated with specific medical conditions. Genetic testing can help determine whether a person has a genetic disease, whether it has been inherited, and the chance for future children or other family members to have the same condition.

Genetic/Birth Defect Clinics are held periodically throughout the state. For clinic schedule information, call Special Health Services toll-free at 800.755.2714.

Additional Resources

Anne Carlsen Center

The Anne Carlsen Center offers a rich tradition of empowering individuals with disabilities and their families. Their experienced staff provides compassion, training, services and supports in homes and communities across North Dakota. On the Jamestown campus, they meet the educational, residential and therapeutic needs of children and young adults with autism, behavior disorders, medical fragility and other developmental disabilities. They also provide services in the home through customized supports for individuals from birth to age 21. In addition, through their community-based services (i.e., in-home supports and community day supports), Anne Carlsen accommodates individuals of all ages, including adults. For more information about services in the Dickinson location, call 701.934.1144 or visit: annecarlsen.org.

Early Intervention (Infant Development)

This is a service designed to help families with children from birth to age three with disabilities and/or developmental delays. The goal of this program is to support the child and their family in gaining skills and fully participating in their natural environment. By partnering with families, ND Early Intervention provides them with the tools and support they need to help their child be successful. Qualifying families have access to a wide array of therapeutic professionals, as well as a Service Coordinator (DD Program Manager) and an experienced parent. Anyone, including family members, can refer a child for a free developmental evaluation, with eligibility based on the following criteria:

- Displays a 50 percent delay in any area of development (cognition, communication, motor, self-help or social emotional skills).
- Displays a 25 percent delay or more in any two areas of development.
- Has a diagnosis or disability that impairs typical development.
- Has a significant health condition that puts them at high risk for developmental delays.

Another component to ND Early Intervention is Right Track. Right Track provides a variety of services to families, which include developmental screenings, referrals to community resources, serving as a resource to parents, etc. To make a referral, or to learn more, call the Developmental Disabilities Division at 800.755.8529 or visit: nd.gov/dhs/services/disabilities/.

Supplemental Security Income (SSI)

SSI provides monthly payments for children who meet disability and financial eligibility requirements. For more information, contact the Social Security Administration at 800.772.1213 or visit ssa.gov/.

Women, Infants and Children (WIC)

WIC provides nutritious foods, offers information about how to feed your family, and helps you participate in other important health programs. Pregnant women, breastfeeding women and children up to age 5 who meet WIC’s liberal income guidelines are eligible to participate. For more information, contact 800.472.2286 or your county WIC office as listed in the phone book. For additional details visit: ndhealth.gov/wic/.
Family Support Services

**Child Care Assistance Program**

This program provides financial assistance to low-income families for child care costs.

The mission of the Division of Special Health Services is to promote a system of care and services that improves the health and well-being of individuals with special health care needs and their families. Cross-cutting implementation strategies at the heart of all SHS programs include:

- Care Coordination
- Collaboration
- Data-informed Decisions
- Information and Education

**Programs and Services**

**Coordinated Services Program**: Provides services and resources that support coordinated management of specific chronic health conditions.

**Financial Coverage Program**: Helps families pay for medical services for eligible children, youth, and young adults who require specialty care to diagnose and treat their chronic health conditions.

**Newborn Screening and Follow-up Program**: The goal of this program is to identify conditions at an early age when treatment and intervention can prevent health problems, support early development, and save lives.

**Children with Special Health Care Needs System Enhancement Program**: Improves health outcomes of Children with Special Health Care Needs (CSHCN) by advancing a quality, comprehensive system of care that promotes the healthy development and well-being of children and their families.

County Social Services

County Social Services administer economic assistance and social service programs. To inquire about assistance, please check your local phone book under county government or visit nd.gov/dhs/locations/countysocialserv.

Pediatricians and Family Doctors

All children benefit from a medical home. A medical home is not a building, but rather an approach to providing comprehensive medical care. In a medical home, a physician or other medical provider works in partnership with the family/patient to assure that the medical and non-medical needs of the child/youth are met. Through this partnership, medical providers can help families access and coordinate specialty care, educational services, out-of-home care, family support, and other public and private community services that are important to the overall health of the child and family. Contact SHS at 701.328.2436 for a list of primary doctors who practice in ND.

Public Health

Local public health units provide a variety of services such as immunizations, tobacco use prevention, high blood pressure screening, injury prevention screening, blood lead screening, Early and Periodic Screening Diagnosis & Treatment, home visits, high-risk infant follow-up, general child health services, community wellness programs, and school health screenings. Visit ndhealth.gov/localhd for details.

Head Start

Head Start and Early Head Start are comprehensive child development programs. Regular Head Start programs are for children ages 3 and 4. Some communities offer a program specifically for families with children younger than 3 and pregnant women. A variety of services are provided through Head Start programs including health, education, parent involvement, family literacy, social services and services for children with disabilities.

Head Start State Collaboration Office
Phone: 701.328.1640
nd.gov/dpi/SchoolStaff/ECE/HeadStart/

School Nursing

The purpose of school nursing is to support the educational process by contributing positively and significantly to the health, health attitudes and health behaviors of today’s children, and consequently, tomorrow’s adults. Contact the North Dakota Department of Health at 701.328.2436 for more details.

Special Education

It is important to locate and identify children who are in need of special services as early as possible. Screening and assessment opportunities offered at school help identify possible areas of difficulty that could interfere with a child’s learning or academic performance. Some children with disabilities may require special education services to address their unique educational needs. Contact the North Dakota Department of Public Instruction at 701.328.2277 or your local special education unit. Visit nd.gov/dpi for more information.

Pathfinder Services of ND

Pathfinder Services of ND provides statewide parent training and information to help families of children and youth with learning difficulties.

Children with Disabilities Medicaid Coverage

This program allows qualifying children with disabilities to buy into Medicaid. The program provides comprehensive coverage through Medicaid, including dental and mental health coverage, in return for a premium. Apply at your local county social service office.

Children and Family Coverage

Coverage is available to children younger than 21, pregnant women, and adult caretakers of deprived children. Most receive full coverage; however, some with higher income may be required to pay for a portion of their care. Apply at your local county social service office.

Children’s Hospice Services Waiver

The Children’s Hospice Waiver provides support to families so they can care for their children (from birth through age 21) in their homes as long as possible, avoiding lengthy stays and delaying or avoiding institutional care. The child must have a diagnosis and not be expected to live longer than one year. The program also allows families to access treatments that focus on curative and comfort care for their children.

Phone: 701.328.4630

Children with Medically Fragile Needs Medicaid Waiver

This Medicaid Waiver is designed to assist qualifying medically fragile children between ages three and 18 years. The child must be living at home, be Medicaid eligible, be able to meet Level of Care criteria for a nursing home, and meet criteria based on the Level of Need.

Phone: 701.328.4630
Home and Community-Based Services Waiver

Alternative services are provided for individuals with disabilities who are at least 18 years of age and individuals older than 65 who are eligible for the Medicaid Program and have medical needs that would qualify them to enter a nursing facility. The waiver allows North Dakota to pay for services needed for these individuals to remain in their own homes or community settings. Recipients may be required to pay for a portion of their care based on income. Apply at your local county social service office.

Medicaid Expansion Provides Coverage

Coverage is available to individuals under age 65 with household income up to 138 percent of the Federal Poverty Level (FPL). Individuals eligible for Medicare or Supplemental Security Income (SSI) are not eligible for coverage under Medicaid Expansion. Visit nd.gov/dhs/eligibility for more information.

Intellectual Disabilities/Developmental Disabilities Waiver

This waiver assists eligible individuals with intellectual disabilities and developmental disabilities to remain living at home and in the community. This serves individuals through their lifespan (both children and adults). Services offered under the waiver include Developmental Disabilities Program Management; Infant Development (for children from birth to age 3); In-Home Supports; Assistance with cost of equipment, supplies, and environmental modifications; and Adult Services such as day services, job coaching, and residential services. Apply by contacting the Developmental Disabilities Unit at one of the regional human service centers found online at nd.gov/dhs/locations/regionalhsc.

Workers with Disabilities Medicaid Coverage

This coverage allows some individuals with disabilities who want to work, or who are already working and want to increase their earnings, to do so without fear of losing their Medicaid coverage. It allows qualifying individuals to buy into Medicaid. The program provides comprehensive coverage through Medicaid, including dental and mental health coverage, in return for a premium. Apply at your local county social service office.

Healthy Steps

This is a benefit program for eligible North Dakota children up to age 19 who do not have a source of health care coverage. The program offers comprehensive medical, dental and vision coverage.

Phone: 877.KIDS.NOW or 877.543.7669

Special Health Services Financial Coverage Program

Helps families pay for medical services for eligible children, youth, and young adults who require specialty care to diagnose and treat their chronic health conditions.

Phone: 800.755.2714 or 701.328.2436 ndhealth.gov/cshs/program.htm
Get Covered North Dakota
This program links North Dakota residents with enrollment specialists in their local communities. Free impartial assistance is available to help consumers understand and find affordable health care coverage. For more information, visit getcoverednorthdakota.org.

Health Insurance Marketplace (HIM)
The HIM enables individuals to find quality health coverage. It can help if you or your children don’t have coverage now, or if you have it but want to look at other options. It is designed to provide coverage that meets your needs, fits your budget, as well as options for qualifying for free or low-cost coverage through Medicaid or Healthy Steps/Children’s Health Insurance Program (CHIP).
Phone: 800.318.2596
healthcare.gov
ndcpd.org

Comprehensive Health Association of North Dakota (CHAND)
CHAND provides comprehensive health insurance to residents of North Dakota who have been denied health insurance or are considered high risk.
Phone: 844.363.8457  chand.org

Student Health Plans
These plans are available for purchase by students who don’t have health insurance through a parent’s health insurance policy or who have limited coverage due to network service areas. Student plans are sold by an insurer that has contracted with a college to offer coverage to its students. In general, these plans have more limited benefits and more exclusions than traditional health insurance plans. Contact an insurance agent to inquire about student health plans.

**Vision Coverage**

**InfantSEE®**

This is a public health program designed to ensure early detection of eye conditions in babies. Member optometrists provide a comprehensive eye and vision assessment for infants within the first year of life regardless of a family’s income or access to insurance coverage.

Phone: 888.396.3937
infantsee.org

**New Eyes for the Needy**

New prescription eyeglasses are available through a voucher program for children and adults in the U.S. who cannot afford glasses on their own.

Phone: 973.376.4903
new-eyes.org

**Vision USA**

Vision USA provides basic eye health and vision care services free of charge to uninsured, low-income people and their families.

Phone: 701.258.6766

**VSP Sight for Students**

VSP is a charity that provides free vision exams and glasses to low-income, uninsured children.

Phone: 888.290.4964
sightforstudents.org
Prescription Connection

This is a program of the North Dakota Insurance Department that connects kids and families with free and discounted prescription drugs direct from the pharmaceutical manufacturer.

Phone: 888.575.6611 or 701.328.2440
rxconnectnd.org

ND Prescription Drug Repository Program

The repository collects and distributes donated medications from hospitals, hospices and other facilities so that pharmacies and physicians can dispense them to those who struggle paying for prescriptions regardless of insurance coverage. The medications and supplies are unopened and secure but cannot be resold to patients. Visit nodakpharmacy.com for more information.

NeedyMeds

NeedyMeds offers a database of medications that can be obtained free or at low cost by uninsured, low-income patients, usually through manufacturer programs.

Phone: 800.503.6897
needymeds.org

Partnership for Prescription Assistance

A single point of access is available to more than 475 public and private patient assistance programs. It is funded by pharmaceutical companies.

Phone: 888.477.2669
pparx.org

RX Assist

RX Assist provides consumer information, resources, news and a directory of patient assistance programs that offer affordable or free medications.

Email: info@rxassist.org
rxassist.org
Dental Coverage

Safety Net Dental Clinics are programs that usually see patients who do not have other access to dental care. The patients typically are covered by Medicaid or the clinic offers sliding fee schedules or reduced fees.

Bridging the Dental Gap

This is a nonprofit community dental clinic serving low-income and uninsured individuals in the Bismarck-Mandan area.

Phone: 701.221.0518
dentalgap.org

Family Healthcare Center Dental Clinic

This is a federally qualified community health center serving low-income and uninsured individuals within the Fargo Red River Valley Region.

Phone: 701.271.3344
famhealthcare.org

Northland Community Health Center Dental Clinic

This clinic is part of a federally qualified community health center serving low-income, uninsured, and insured individuals of all ages in central North Dakota.

Phone: 701.255.4242
northlandchc.org

Red River Valley Dental Access Project

This project serves low-income, uninsured, and Medicaid-eligible individuals who have urgent dental pain and do not have access to a dentist in Fargo-Moorhead.

Phone: 218.790.7790
rrdentalaccess.com

Valley Community Health Center Dental Clinic

This is a federally qualified health center that serves low-income, uninsured, and insured individuals of all ages in the Northern Red River Valley.

Phone: 701.757.2100
valleychc.org

North Dakota Donated Dental Services

This is a network of volunteer dentists who provide dental care to the state’s most vulnerable people: disabled, elderly, or medically compromised individuals who cannot afford necessary treatment nor get public aid.

Phone: 866.201.5906
dentallifeline.org/north-dakota
**Jerene’s Wish**

Jerene’s Wish is a program that provides orthodontic treatment at minimal costs to eligible children. For more information, contact Warford Orthodontics.

Phone: 701.255.1311  
E-mail: info@warfordorthodontics.com  
jereneswish.com

**Smiles Change Lives**

This program promotes and provides access to essential orthodontic treatment for children from low-income families.

Phone: 888.900.3554  
smileschangelives.org

**The Ronald McDonald Care Mobile**

This is a mobile dental clinic on wheels that delivers urgently needed dental care to underserved children from birth through age 21 in their own neighborhoods in the western half of North Dakota. The Ronald McDonald Care Mobile treats children who do not have a regular dentist and who have not seen a dentist within the past two years.

Phone: 701.258.8551  
rmhcbismarck.org/caremobile
Health Care Programs

Shriners Hospitals for Children
Shriners Hospitals for Children provides care for children (age 17 and younger) with orthopedic problems and burns. Evaluation clinics are offered throughout North Dakota.

Phone: 800.237.5055
shrinershospitalsforchildren.org

Community Health Centers (CHC)
CHC’s serve all patients regardless of their ability to pay for services. CHC’s are located in Beulah, Bismarck, Bowbells, Center, Fargo, Grafton, Grand Forks, Hazen, Killdeer, Larimore, McClusky, Minot, Northwood, Rolette, Rolla, Turtle Lake, and West Fargo.

Phone: 701.221.9824

North Dakota Association for the Disabled (NDAD)
NDAD may provide help with financial assistance for individuals with disabilities.

Phone: 800.532.6323
ndad.org

United Health Care Children’s Foundation
This foundation supports the concept of facilitating access to health-related services that have the potential to significantly enhance either the clinical condition or the quality of life of the child and that are not fully covered by an available commercial health benefit plan. The Foundation provides financial assistance toward the family’s share of the cost of medical services.

Phone: 855.698.4223
uhccf.org

Indian Health Service (IHS)
IHS provides health services to American Indians and Alaskan Natives who belong to federally recognized tribes. The IHS administers health services through IHS facilities, through tribally-operated facilities and by contracting for health services. Visit ihs.gov for more information.

Service Organizations such as the Elks, Kiwanis, Sertoma, Lions and Quota may offer assistance with medical-related expenses. Check the local phone book for contact numbers.

This is not an all-inclusive list of health care coverage options.
