

## Nutrition Risk Code Index

Number	Name of Risk	Number	Name of Risk
<b>ANTHROPOMETRIC RISKS</b>			
101	Underweight/Women	131	Low Maternal Weight Gain
103a	At Risk for Underweight (Infants/Children)	132	Maternal Weight Loss During Pregnancy
103b	Underweight/Infants and Children	133	High Maternal Weight Gain
111	Overweight/Women	134	Failure to Thrive
113	Obese (Children $\geq$ 24 months)	135	Inadequate Growth
114	Overweight (Children $\geq$ 24 months)	141	Low Birth Weight
115	High Weight-for-Length	142	Prematurity
121a	At Risk of Short Stature	152	Low Head Circumference
121b	Short Stature	153	Large for Gestational Age
<b>BIOCHEMICAL RISKS</b>			
201	Low Hemoglobin/Hematocrit	211	Elevated Blood Lead Levels
<b>CLINICAL, HEALTH, AND MEDICAL RISKS</b>			
301	Hyperemesis Gravidarum	347	Cancer
302	Gestational Diabetes	348	Central Nervous System Disorders
303	History of Gestational Diabetes	349	Genetic and Congenital Disorders
304	History of Preeclampsia	351	Inborn Error of Metabolism
311	History of Preterm Delivery	352	Infectious Diseases
312	History of Low Birth Weight	353	Food Allergies
321	History of Spontaneous Abortion, Fetal or Neonatal Loss	354	Celiac Disease
331	Pregnancy at Young Age	355	Lactose Intolerance
332	Closely Spaced Pregnancies	356	Hypoglycemia
334	Lack of Adequate Prenatal Care	357	Drug Nutrient Interactions
335	Multi-fetal Gestation	358	Eating Disorders
336	Fetal Growth Restriction	359	Recent Major Surgery, Trauma, or Burns
337	History Large for Gestational Age Birth	360	Other Medical Conditions
338	Pregnant Woman Currently Breastfeeding	361	Depression
339	History of Birth with Nutrition Related Congenital/Birth Defect	362	Developmental/Sensory/Other Disabilities Interfering with Eating
341	Nutrient Deficiency Disease	363	Pre-diabetes
342	Gastrointestinal Disorder	371	Maternal Smoking
343	Diabetes Mellitus	372a	Illegal Drug Use
344	Thyroid Disorders	372b	Alcohol Use
345	Hypertension/Prehypertension	381	Oral Health Conditions
346	Renal Disease	382	Fetal Alcohol Syndrome
<b>DIETARY RISKS</b>			
401	Failure to Meet Dietary Guidelines	411i	Inappropriate Frequency of Breastfeeding
411a	Inappropriate Primary Feeding	411j	Diet Very Low in Calories or Essential Nutrients
411b	Routinely Using Bottles or Cups Improperly	411L	Potentially Harmful Dietary Supplements
411c	Early Introduction of Solid Foods	411m	Inadequate Fluoride Intake
411d	Early Introduction of Juice	411n	Inadequate Vitamin D Intake
411e	Sugar/Corn Syrup Added to Beverage/Food/Pacifier	411o	Potentially Contaminated Foods
411f	Feeding Practices Disregard Developmental Needs	425a	Reduced Fat Milk Before 24 Months
411g	Consuming Honey	425b	Inappropriate Imitation or Substitute Milk

<b>Number</b>	<b>Name of Risk</b>	<b>Number</b>	<b>Name of Risk</b>
<b><i>DIETARY RISKS con't</i></b>			
411h	Inappropriately Diluted Formula	425c	Routine Use of Sugar Containing Beverages
425d	Late Weaning	427a	Potentially Harmful Dietary Supplements
425e	Other Inappropriate Use of a Bottle, Cup, or Pacifier	427b	Diet Very Low in Calories or Essential Nutrients
425f	Feeding Practices Disregard Developmental Needs	427c	Pica
425g	Potentially Contaminated Foods	427d	Inadequate Folic Acid Intake
425h	Diet Very Low in Calories or Essential Nutrients	427e	Inadequate Iron Supplementation
425i	Potentially Harmful Dietary Supplements	427f	Potentially Contaminated Foods
425j	Inadequate Fluoride Intake	427g	Inadequate Iodine Intake
425k	Pica	428	Risk Associated with Complementary Feeding Practices
425l	Inadequate Vitamin D Intake		
<b><i>OTHER RISKS</i></b>			
501	Possibility of Regression	703	Mother with Mental Retardation or Prenatal AOD Abuse
502	Out-of-state Transfer, Risk Unknown	801	Homelessness
601	Breastfeeding Mother of Infant at Nutritional Risk	802	Migrancy
602	Breastfeeding Complications/Mother	901	Recipient of Abuse/Neglect
603	Breastfeeding Complications/Infant	902	Limited Ability to Make Feeding Decisions/Prepare Food
701	Mother on WIC or Mother Would Have Been Eligible	903	Foster Care
702	Breastfeeding Infant of Woman at Nutritional Risk	904	Environmental Tobacco Smoke Exposure
