Female	3
Male	1
Died	0
Hospitalized	1

Asymptomatic blood donors: 0

CDC

Helpful Tips

Avoiding mosquitoes doesn't mean that kids have to stay inside in front of the TV. Get them outside and playing, but remember – a couple of seconds applying an effective repellent to exposed skin and clothing will help everyone stay healthy.

WNV Cases by Date of Onset, North Dakota, 2010

POSITIVE BIRD AND HORSE

County	Bird	Horse
Emmons	0	1

Other Veterinary cases:

- Burleigh County – 1 canine

MOSQUITO INFORMATION

West Nile virus brochures and posters are available to order free-of-charge from the NDDoH, visit ndhealth.gov/wnv and go to educational materials.

CDC National Data

Map shows the distribution of avian, animal, or mosquito infection occurring during 2010 with number of human cases if any, by state. If West Nile virus infection is reported to CDC from any area of a state, that entire state is shaded.

West Nile virus (WNV) activity reported to ArboNET, by state, United States, 2010 as of August 10, 2010
