Radiological Health Rule Order Form

On March 1, 2003, a revised version of the North Dakota Administrative Code in Article 33-10, "Radiological Health Regulations" became effective.

Current copies of the revised rules are available free of charge on the internet at:

<http://www.ndhealth.gov/AQ/RAD/radrules/contents.htm>

If you have any questions about the Radiological Health Rules or would like a free copy of the applicable chapters emailed to you, please contact the Radiation Control Program at 701.328.5188; or send an email message to Dave Stradinger ( [dstradinger@nd.gov](mailto:dstradinger@nd.gov) ).

There are two possible sets of rules to choose from. One partial set for X-ray machines only and a full copy for both X-ray machines and radioactive material users. Printed copies (or copies on CD-ROM) may be obtained for a fee by completing the order form below.

To minimize printing and media duplication costs, the Department will be ordering a limited number of copies based on the number of orders received. If you would like a printed copy or a copy on CD-ROM or floppy, please return the completed order form, along with your check or money order made payable to the North Dakota Department of Health at:
