NDDoH Accepting Requests for Proposal for the Medical Marijuana Tracking System

BISMARCK, N.D. – The North Dakota Department of Health (NDDoH) is accepting requests for proposals (RFPs) for the Medical Marijuana Tracking System through December 27, 2017 at 3 p.m. The system will be used to develop, maintain and monitor the statewide Medical Marijuana Program.

“Obtaining the right system will allow the Division of Medical Marijuana to efficiently and effectively track marijuana, usable marijuana and medical marijuana waste. The system will also assist in compassion center registrations, card holder registrations and report generation,” said State Health Officer Mylynn Tufte.

More information regarding the RFP can be found on the Office of Management and Budget’s website at apps.nd.gov/csd/spo/services/bidder/main.htm. For questions, please contact the Division of Medical Marijuana at 701.328.1311.
