

Children's Special Health Services

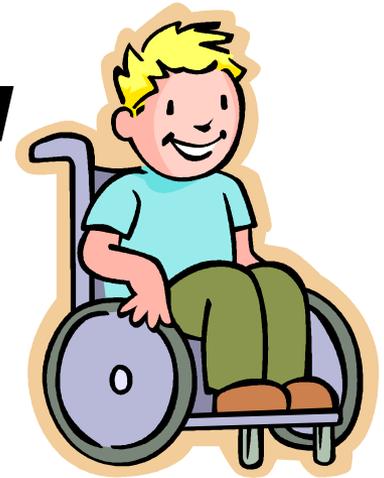

North Dakota Department of Health

Newborn Screening Conference

May 20, 2016

Presentation by:

Tammie Johnson, LSW

Children's Special Health Services (CSHS)

NORTH DAKOTA
DEPARTMENT *of* HEALTH
Children's Special Health Services

- ⌘ CSHS is a division in the Community Health Section of the North Dakota Department of Health
- ⌘ CSHS is the designated Title V CSHCN program for the MCH Block Grant

CSHS Mission: Improve Children's Health

⌘ CSHS provides services for children with special health care needs and their families

⌘ CSHS promotes family-centered, community-based, coordinated services and systems of health care

CSHS Programs

- ⌘ Specialty Care Diagnostic & Treatment Program
- ⌘ Multidisciplinary Clinics
- ⌘ Care Coordination
- ⌘ Metabolic Food
- ⌘ Russell Silver Syndrome Program
- ⌘ Information Resource Center
- ⌘ State Systems Development Initiative
- ⌘ CSHCN Service System
- ⌘ Autism Spectrum Disorder Database (registry)

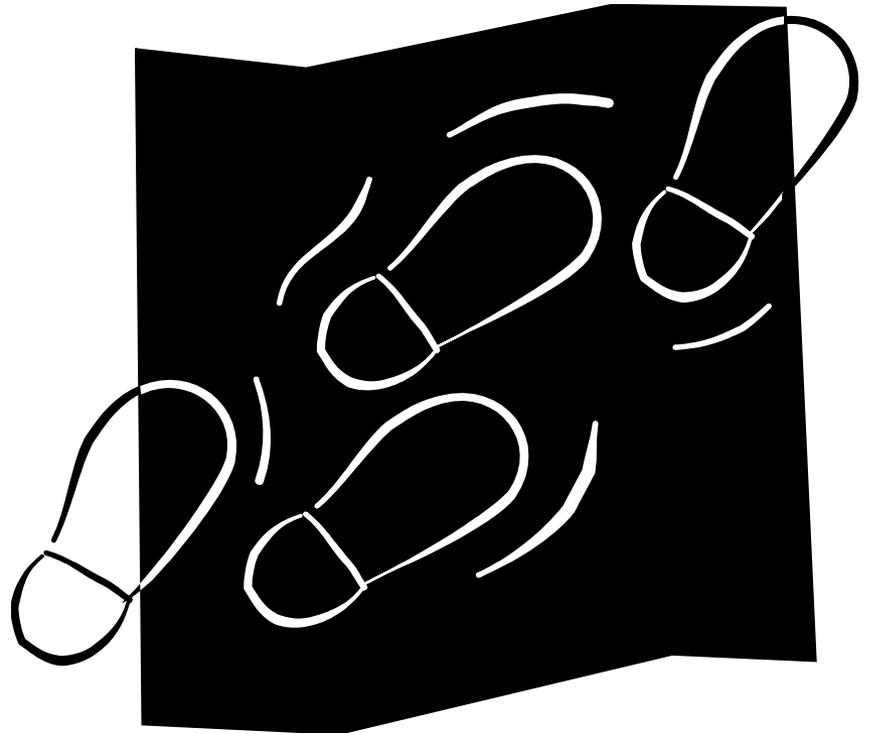

CSHS and Newborn Screening

- ⌘ CSHS receives reports from the Iowa Lab for presumptive positive newborn screens
- ⌘ CSHS provides families with follow-up care coordination to assess for resources and services
- ⌘ CSHS offers financial assistance, or gap filling, for children in need of further confirmatory testing, diagnostic testing, or treatment of an eligible condition
- ⌘ Families apply for CSHS at their local county social service office

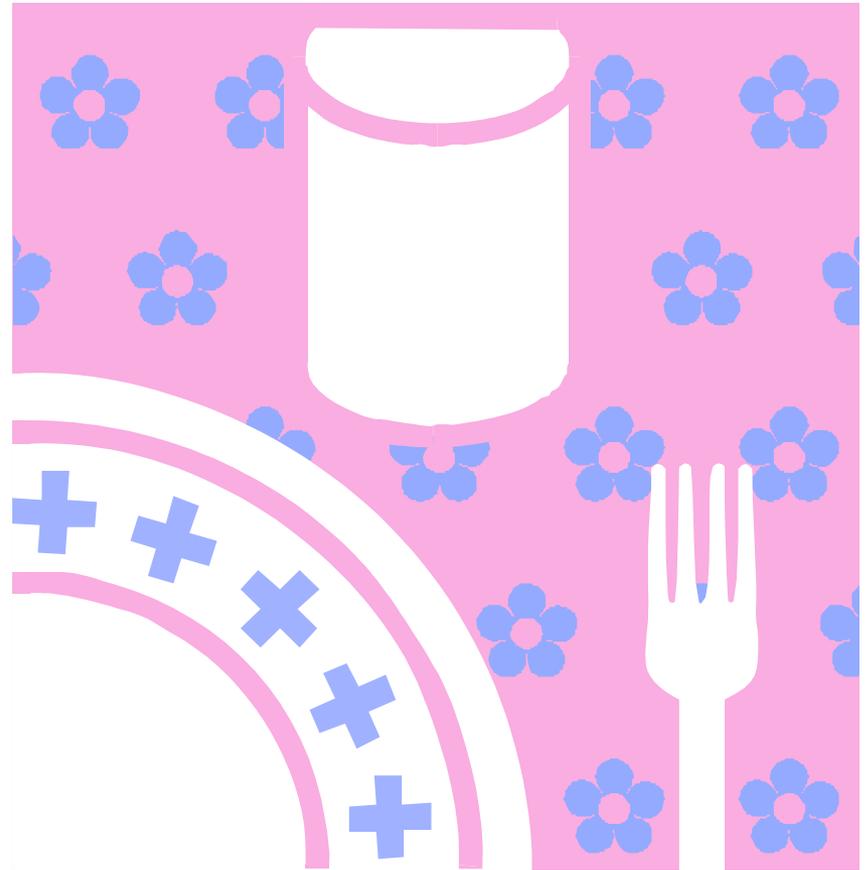

Care Coordination Program

- ⌘ Care coordination increases access to services and resources.
- ⌘ County social service staff coordinate care for children who are eligible for CSHS treatment services.
- ⌘ State CSHS staff also provide care coordination support for children and their families who contact the state office or who participate in select state administered programs.

Metabolic Food Program

- ⌘ CSHS provides medical food and low-protein modified food products to individuals with PKU and MSUD
- ⌘ The medical food (formula) is provided at no cost to males under age 22 and females under age 45

General CSHS Eligibility

- ⌘ Age - child must be birth to age 21 years
- ⌘ Residency - child must be a ND resident
- ⌘ Special Health Care Need - child must have a chronic condition and require health and related services beyond that needed by most children
