(Illicit Discharge Detection and Elimination)

- Storm Sewer Outfall, Pipe Identification Maps
- Storm Sewer Runoff Study

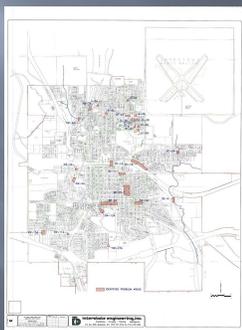

**MCM #3 – Storm Sewer Outfall, Pipe  
Identification Maps: 2001 Water Shed Areas Map**

**MCM #3 – Storm Sewer Outfall, Pipe  
Identification Maps: 2001 Storm Water Drainage Area Map**

**MCM #3 – Storm Sewer Outfall, Pipe Identification  
Maps: 2001 Storm Water Problem Area Map**

**MCM #4**

(Construction Site Storm water Runoff Control)

- Public Input (Public Forums, Contractors Storm Water Work Shops, and Tailgate Meetings)
- Ordinance No. 1314 was Established in Jan. 2007
- Construction Site Protection

**MCM #4**  
**(Construction Site Storm water Runoff Control)**

- Ordinance No. 1314 was Established in Jan. 2007

**MCM #4**  
**(Construction Site Storm Water Runoff Control)**

Information needed to determine what will be need by City Engineering Department for Erosion Control with-in the construction site are:

1. Owners Information, Site address, Phone Numbers, and Size of construction site.
2. Contractor Information, License No. Phone, Ext.
3. Type of construction (*Residential or Commercial*)
4. At that time a Storm Water Pollution Prevention Plan and/or a Storm Water Management Plan maybe needed.

**MCM #4**  
**(Construction Site Storm water Runoff Control)**

The City of Jamestown will be implementing a Storm water application in 2011 -2012:

**MCM #4**  
**(Construction Site Storm Water Runoff Control)**

- Residential Erosion Control Site Plan Required

**MCM #4**

Other regulation may be required from County, ND State, and Federal Requirements.

**MCM #4**  
**(Construction Site Storm water Runoff Control)**

- Construction Site Protection
